

## Dr. Douglas Phillips Dr. Donald Schmitt

Complete Care For  
Confident Smiles

### **DR. PHILLIPS APPOINTED TO FACULTY!**

Frank Spear, DDS MSD, founder and director of the Seattle Institute for Advanced Dental Education, with locations in Seattle and Scottsdale, recently appointed Dr. Douglas Phillips to its teaching staff. These facilities are among the dental profession's best known training centers for the post-graduate advancement of skills in restorative dentistry.

Having completed numerous Mastery Level courses under Dr. Spear's tutelage, Dr. Phillips is recognized as an exceptionally skilled practitioner who has earned the respect of his colleagues. While Dr. Phillips continues to practice full-time in Asheville, he will serve as a Mentor at the Institute for various courses. Less than 300 dentists worldwide have been appointed to serve in this capacity at the Institute.

Additionally, Dr. Phillips is a Fellow of the International Congress of Oral Implantology and member of the American Academy of Fixed Prosthodontics, American Academy of Cosmetic Dentistry, Spear Faculty Study Club, Seattle Study Club, L. D. Pankey Alumni Association, American Dental Association, North Carolina Dental Association, French Broad Pankey Study Club, and the Buncombe County Dental Society. Additionally, Dr. Phillips is an appointed Mentor of the Pankey Institute, an exclusive organization that fosters progression in dental care.

### **SPECIAL TOUCHES ALL AROUND YOU!**

If you're a patient of Dr. Douglas Phillips, you're likely aware of his commitment to ensuring patients receive optimal treatment outcomes. However, he is equally dedicated to enhancing your overall experience in the office in many ways. While you may not notice them (or need them for each visit), special technology or features can greatly enhance comfort, relaxation, and your participation in treatment decisions. For example, just a few include ...

*Oral sedation • Single-visit crowns through CEREC 3D • Laser dentistry  
Digital x-rays • Intra-oral viewing  
Computerized charting • Advanced sterilization  
Implant Software (for computer guided implant placement)  
Mercury-free fillings • Velscope oral cancer screening  
Sleep Apnea appliances • TMJ therapy*

### **REFERRING OTHERS TO OUR OFFICE**

Our office is always happy to welcome new patients. We are never too busy to see your friends and family members! To refer others, you may want to suggest they get to know us by visiting: [www.WhereAshevilleSmiles.com](http://www.WhereAshevilleSmiles.com).

On this web site, those you refer can learn of our doctors' qualifications, become familiar with services and technology, and even request an appointment. Please remind them to mention you as how they heard about the practice. We always like to show our appreciation to patients who refer new patients!

### **YOUR ORIGINAL SMILE IS SURROUNDED BY ORIGINAL ART!**

Something that gives serenity and color to our environment are the original watercolors hanging throughout the office. Over the years, many patients have commented on these beautiful pieces of art since they are so unique to the practice. Each piece was created by Dr. Phillips' wife, Kathryn, an accomplished artist who recently became affiliated with the Asheville Gallery of Art on College Street, just a couple of blocks from our office.
